SKILLS

EDUCATION

Electronic & Computer Engineering
 Nanyang Polytechnic (GPA 3.99/4.0)
 2020 – 2023

O-Levels
 Pei Hwa Secondary School
 2016 – 2019

ABOUT ME

I am extremely passionate about electronics and software design. I have initiated numerous personal projects on a wide variety of topics, shown on my website. I also exercise and read during my free time.

EXPERIENCE

Admin, IT, photography, editing, programming, and research assistant
 Pureland International (Aug 2021 – Oct 2021)

- Responded to support requests from end users and patiently walked individuals through basic troubleshooting tasks.
- Created accurate and successful test scripts to manage automated testing of certain products and features.
- Gathered, arranged, and corrected research data for management

Mapping Coordinator

Grab Holdings (Sep 2020 – Oct 2020)

- Generated and audited client's search request to the actual location
- Provided better search results by improving the POI (Point of Interest) database
